

Hungary — OA mandate of the Hungarian Academy of Sciences: how effective is it?

András Holl

(based on a talk at the Budapest regional workshop of PASTEUR4OA and an OpenAIRE blogpost)

OA landscape in Hungary

**PASTEUR4OA Hungary OA
case study**

->

**Hungarian Scientific Research
Fund (OTKA) mandate**

State mandate for PhD theses

**Hungarian Academy of Sciences
(MTA) mandate**

Univ. of Szeged mandate

Univ. of Debrecen mandate

NOVEMBER 24, 2014

HUNGARY OPEN ACCESS
CASE STUDY

Hungarian Academy of Sciences (MTA)

MTA – learned society, research centers, funder

MTMT – national scientific bibliography

REAL – the repository of the Academy

A Magyar Tudományos Akadémia elnökének
27/2012. (IX. 24.) számú határozata

Tudományos művek nyílt hozzáférésű közzétételének irányelvei

MTA mandate (effective 2013 jan. 1st)

Features

color-neutral (both Gold & Green acceptable)
covers books as well
monitoring by MTMT
organisational responsibility
embargo possible
post-print or publisher's PDF

Support efforts

advocacy
helpdesk

MTA mandate

- [2008](#) (1677)
- [2007](#) (1832)

MTA mandate (amended 2016)

Longer embargoes for AHSS – Hungarian language market is small! (AHSS: 2 years; STM: 1 year)

Exception handling – waivers by the directors of institutes and research centres

CC BY-NC-ND

Specification of OA

- OA journals: those in DOAJ**
- repositories in Hungary: those certified**
- repositories abroad: those listed in MTMT**

Monitoring OA in Hungary

Monitoring tool developed for MTMT

MTMT is the national research bibliography database

Tool was developed with the support of SIM4RDM

Principles

- Known OA journals recognised
- Repository availability should be entered
(but SWORD upload possibility exists, which marks availability)
- Hybrid OA should be entered

Monitoring OA in Hungary

Results – OA statistics based on MTMT

MTA

**close to 60% compliance for 2014 and 2015
(OA or under embargo)**

Five Major Universities

13–30% for 2015

Thank You!
