

# How to register a translation

## Translation of a chapter/an article

- Choose main category **Translation** and subcategory **Chapter/article**.

**Category:**\*

Enter the type of work you want to register:

**Main category**

- [Journal publication](#)
- [Conference lecture and academic presentation](#)
- [Book](#)
- [Report/thesis](#)
- [Part of a book/report](#)
- [Translation](#)
- [Media contribution](#)
- [Commercialisation](#)
- [Artistic and museum-related presentation](#)
- [Artistic production](#)
- [Product](#)
- [Information material\(s\)](#)

**Sub-category**

- [Chapter/article](#)
- [BOOK](#)

- Search for the book or report that your chapter/article is published in. You may use the title or the ISBN-number when searching.

**Reference to book/report:**\*

To register part of a book/report, you must first search for the title of the book/report that you want to refer to.

Search for part of the title or ISBN of the book/report that you want to refer to.

Part of the title      ISBN

- Add the name of the translator.

**Persons:**\*

Enter the person who has produced the work:

- Search for and choose the translators name from the drop down list.
- Add the language of the translation, i.e. the language the chapter/article has been translated *too*, not the language it is translated *from*. The latter will be registered later.

**Original language:**\*

**Title of work/result:**\*

- Choose the original language of the book the chapter/article has been translated *from*.
- Add a description of the category of the translation, e.g. chapter, introduction, etc.
- Add the page number, or the number of pages, of the translation.

**Part of a book/report:**

Original language:

Description of part:\*  (Chapter number, foreword, etc.)

Pages: From:  To:  or Total number of pages:

- Click on **Save**.

## Translation of a book

- Choose main category **Translation** and sub-category **Book**.

**Category:\***

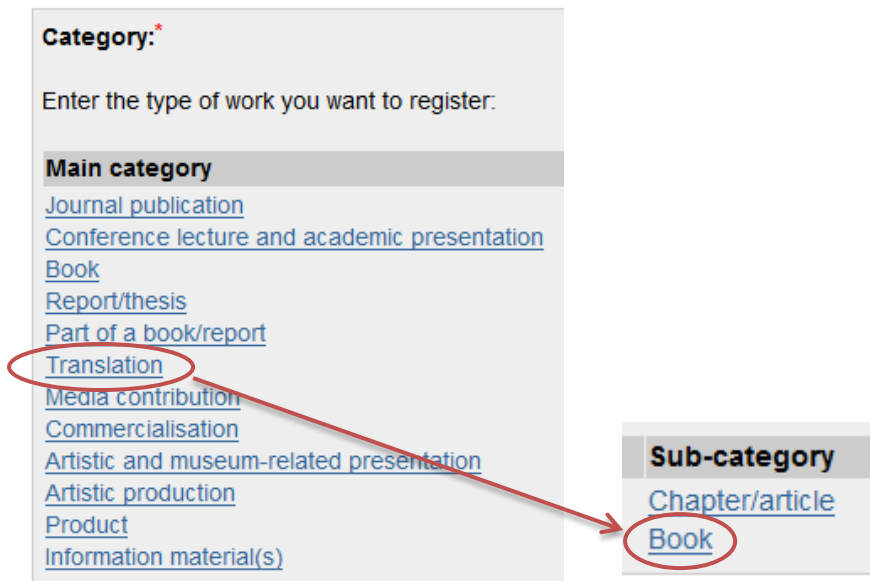

Enter the type of work you want to register:

**Main category**

- [Journal publication](#)
- [Conference lecture and academic presentation](#)
- [Book](#)
- [Report/thesis](#)
- [Part of a book/report](#)
- [Translation](#)
- [Media contribution](#)
- [Commercialisation](#)
- [Artistic and museum-related presentation](#)
- [Artistic production](#)
- [Product](#)
- [Information material\(s\)](#)

**Sub-category**

- [Chapter/article](#)
- [Book](#)

- Choose the role for the person who has produced the work:
- You may choose between translator and editor. You may only choose one of the roles on the publication, i.e. if you have chosen to register the editor; you may not add a translator.

**Persons:\***

Enter the person who has produced the work:

-- Choose role -- ▾

- Search for and add the person who has produced the work.
- Add the language the translation is on, i.e. the language the publication has been translated *too*, not the language it has been translated *from*. The latter will be registered later.

**Original language:\***

-- Choose original language -- ▾ [Show expanded language list](#)

**Title of work/result:\***

[Continue](#)

- Add the original title of the book that has been translated in the original language, the name of the author, and the original language.
- The rest of the information is about the translation. Add the name of the publisher, the year of publication, if the publication is a revision, and the total number of pages.

**Publication status:**

Original title:

Original author:

Original language:  [Show expanded language list](#)

Publishing company: \* A search for publishing companies only gives results for companies registered with NSD. "Register publisher manually".
